

## SEEK RELIEF FOR WORKERS IN PROPOSAL

Association Representatives Want \$2,500 and \$5,000 Exemptions.

(CONTINUED FROM PAGE ONE)

Some receipts, to aggregate the required \$4,000,000.

The program would eliminate from the present revenue act the excess profits tax surcharges on individuals, taxes on transportation, insurance, admissions, due and non-allowable expenses and special and capital stock taxes, stamp taxes and certain excise taxes.

The normal income rate will be fixed at four per cent on the first \$4,000 above the exemption, while the remainder would be subjected to a tax of 8 per cent and no surtaxes would be levied.

**Raise Business Tax.** Income from business institutions would be taxed at ten per cent on amounts above the exemption.

All other incomes including "unearned" or investment income and profits would bear surcharges ranging from one per cent on incomes from \$20,000 to \$50,000, to six per cent on incomes in excess of \$50,000.

Estimates compiled by the association committee placed the revenue from the five dollar poll tax at \$80,000,000 annually. From income taxes of all kinds proposed in the plan it was estimated the revenue production would be approximately \$1,825,000,000.

Customs receipts were placed at \$360,000,000, and the sales tax which the organization proposed with a rate of one per cent, would yield \$1,815,000,000.

Customs receipts, however, were calculated on the basis of the present revenue act and did not take into consideration the contemplated changes now being worked out by the house ways and means committee.

Likewise the estimate of collections from the sales tax was said by the association representatives to be "very conservative" and they predicted that one half of one per cent may be ample to raise the revenue needed to complete the \$4,000,000,000 budget.

**NEED MORE FIREMEN CHIEF SIBREL SAYS**

South Bend Fire Loss in 1920 Totalled \$775,273. Buildings and Contents.

That the number of alarms during the year has been greater than in any preceding year due to the increased use of soft coal and the continued use of wood shingles which are regarded as a menace to the community. The cost of the upkeep of the department during the year has been greater than any other year due to the high prices which prevailed.

**Asks 14 More Men.** Chief Sibrel recommends the purchase of more motor apparatus and the building of a new fire station in the vicinity of Miami and Calver streets. Almost all of the city east of Michigan street, he says, is served by the new station, he says. He also advises the early installation of a private telephone system which would speed up the transmission of alarms to the outlying stations. The addition of 14 members to the department, which is now undermanned, is recommended by Chief Sibrel.

The annual report of Thomas Deany, superintendent of police and fire alarms, recommends several additional features including a new operating board for police alarm, and the installation of alarm lights, call bells and a new telephone system. He also recommends a new and up to date fire alarm system and increased circuits for fire boxes.

He states the need of the installation of a manual operating board and the late type of fire alarm boxes. He advises the placing of both the police and fire alarm boxes in the same room making it possible for one man to take care of both.

**Flying Squadron to Close Religious Series Tonight**

"The Flying Squadron," who have been conducting an Evangelical campaign at the First Evangelical church of this city during the past week, will close their meeting with a rally at the church tonight. A busy day faces the members of the "squadron."

This morning at 10:30 o'clock, Rev. Will Huff will deliver the principal sermon. This will be Rev. Huff's final message to his South Bend friends. He will be assisted by Henderson, Cleveland, O., will preach the closing sermon at the evening gathering. A mass meeting will be held in the afternoon and Evangelist A. P. Gouthey will have charge of the service. Rev. C. C. Rineberger, song leader, late in mission work in Porto Rico, will address the Sunday school class.

**Says Hog Tuberculosis Costs \$40,000,000 Year**

By Associated Press. WASHINGTON, Jan. 8.—Tuberculosis in cattle and hogs causes an annual loss of \$40,000,000 which the packers pass on to the consumer. Everett C. Brown, president of the National Live Stock and Horse Raisers' association, said today that Egyptian and Spanish hogs were threatening to ruin the industry in this country.

## Seer Sees Death At Victory Hour For Constantine

Grecian Prophet-Priest Predicts King Will Capture Constantinople.

(CONTINUED FROM PAGE ONE)

By United Press. ATHENS, Jan. 8.—A sensation has been created in Greece by the forecast of the aged prophet-priest "Papa" Johannes that King Constantine will enter Constantinople at the head of his army "before the end of October."

"But at the moment of his triumph something will happen," Papa Johannes adds, which is interpreted as meaning the king will be assassinated.

Constantine is said secretly to place credence in the prophecy and to have declared that if he once enters Constantinople at the head of Greek army, he does not care what may happen then.

Johannes, who now resides in Janina, formerly was an official in the Greek church at Philadelphia, Asia Minor. He forecast the world war, the duration of the Venetian regime and the death of King Alexander, it is said.

was Daniel G. Reid, New York financier and manufacturer, who talked over the general financial situation and gave his opinion, particularly on the problem of getting money systems back to a sound basis. Mr. Reid also held a long conference with Harry M. Daugherty, Mr. Harding's close political adviser, and said in a statement that he expected greater financial stability to result from the policies of the new administration.

B. R. Inman, of Indianapolis, manager of the Indiana chamber of commerce, presented to Sen. Harding the results of a comprehensive study made by his organization into financial conditions generally. He advised that there be no attempt to remedy the situation by piecemeal measures, but that farmers, manufacturers and all other groups be prevailed upon to take their share of after-war depression rather than to try each for himself to secure whatever special protection he can.

Late today the Ohio members of the electoral college came to Marion and paid a call of courtesy on Mr. Harding.

**LAW MAKERS LEAVE CAPITAL FOR HOME**

Indianapolis Deserted by Legislators For Week-End—Await Inaugural.

By Associated Press. INDIANAPOLIS, Ind., Jan. 8.—Mind free apparently from any important legislation, members of the general assembly tonight had nearly all departed for their homes, leaving the city in the hands of the police, which during the special sessions last year and previously regular meetings, were centers of week-end gatherings, were deserted, and it was estimated that three-fourths of the law makers were at home for the week-end.

Neither senate nor house held sessions today, and there will be no settling down to business until the inauguration of Gov.-elect McCray and the new lieutenant governor is out of the way Monday.

**Avoid Recommendations.** Members remaining here were not anxious to talk about legislative proposals, apparently being satisfied to await the recommendations of the new governor. Speaker McClure and Emmett F. Branch, leaders in house and senate respectively, were among the absentees from the city. They had gone to their homes with the announcement that final work on committee assignments would be done there. Announcement of the committee lists will be made next week.

**COMMERCIAL SCHOOLS FOR JAPANESE GIRLS**

The Woman's American Baptist Foreign Missionary society plans to open the first girls' Christian commercial school ever known in the Orient in Tokyo, within the next year, Miss Elizabeth F. Sargeant, an official of the society, announced today.

Because of the influx of girls into the business world in Japan, and the low moral conditions they encounter there, the Woman's American Baptist Foreign Missionary society is endeavoring to raise \$75,000, with which to remodel the Sarah Curtis Home School into the heart of the business district of Tokyo, into a first-class out-and-out Christian commercial school for girls, with dormitories for business women, she said.

"Within the last few years the number of girls in industrial work in Japan has grown from practically none to more than 1,250,000," Miss Sargeant declared. "Moral standards in business surroundings in Japan are low, and the girls are accustomed to their new freedom. Thousands of them are hardly more than children. For centuries Japanese women have been creatures of the home. The danger of commercial life are entirely new to them. Their hours are hard and long, and often there are no vacations, whatever. Yet the fine thing many of these girls put up places them in the rank of heroines of the first type. At present, there are only four girls' commercial schools in Japan, and throughout the whole empire there is not a single Christian institution ministering to the needs of this rapidly growing class of young women. Such a girls' Christian com-

## St. Joseph County Exhibitors Win Honors At Rabbit Show

W. A. Whitmer, Mishawaka, Wins "Lion's Share" of Prizes—E. Scheibelhut and Gust Parik Lead South Bend Victors—Silver Foxes and Swiss Milch Goats Special Attractions.

W. A. Whitmer, of Mishawaka, with three firsts, five seconds, three thirds, one fourth, one sixth place, and sweepstakes, received the lion's share of rewards given to rabbit exhibitors at the pet stock show Saturday. South Bend men who received special honors for their animals were E. Scheibelhut, with one first, three seconds and two fourth places, and Gust Parik, with two first places to his credit.

Hundreds daily visited the show, which was held in the Livingston bldg., and which offered as a special attraction in addition to 200 rabbits, a Flemish Giant steel doe weighing at the age of 10 months, which was raised by Whitmer. Silver foxes owned by L. B. Stafford, of Buchanan, Mich., and Swiss milch goats owned by Arthur H. Lord, of Elkhart, proved a source of much interest to visitors at the show.

The awards were made by Charles S. Gibson, said to be one of the best rabbit judges in the country. The awards announced Saturday are:

Anti-Saloon League Head Predicts Liquor Interest Will Soon Quit.

Predicting that the liquor interests of the country will soon learn that their attempts to change the prohibition law are proving futile and declaring that public sentiment regarding the law will not be changed by the constant violations of that law at the present time, E. S. Schumaker, superintendent of the Indiana anti-saloon league, and his staff of assistants, arrived in this city Saturday to participate in the field day services of the league, which will be held in the various churches of the city today.

Mr. Schumaker issued the following statement regarding the status of the prohibition cause.

"The enemies of prohibition have been trying desperately to overturn prohibition, both in the state and nation. In the state of Indiana their every effort thus far has failed. In the nation as a whole their battle has been most terrific. They tried to bring on a nation-wide strike in July, 1919, in order to force this nation to surrender to John Barleycorn.

"Next they thought they could induce our politicians to be disloyal to the flag for which they fought by insisting on the manufacture and sale of booze. Next they tried to have the supreme court of the United States declare the Volstead law unconstitutional and to set aside the 18th amendment. Then they made a wild attempt to elect a congress which would legalize the manufacture and sale of beer and light wine.

"Thank God, they failed ignominiously in all these efforts to thwart the will of the American people against the liquor business. Every effort of theirs resulted in John Barleycorn being pushed down further towards the perdition from which he came.
